1 Reviewing Your Award
After reading the following information, please review your online Financial Aid Award carefully. Please notify the Office of Financial Assistance if your award does not reflect your enrollment or housing plans for the year. If you wish to decline some portion of your award, so indicate.

2 Enrollment and Charges
You must enroll in 12 hours or more per semester to be considered full-time for institutional financial aid purposes. There is no institutional gift or institutional loan eligibility for less than full-time enrollment.

Students enrolled in 12-17 hours per semester will be charged one full-time rate. Students enrolled in fewer than 12 hours per semester will be charged at a per credit hour rate. As long as a full-time student enrolls in either the fall or spring semester, or both, there are no additional tuition or room and board charges for interim enrollment. Additional charges could include those assessed for enrollment exceeding 17 credit hours per semester, for a single rather than a double room, suite living, or for private music lessons. A full outline of possible charges may be obtained from the Buena Vista University Business Office.

Twelve or more hours per semester will be considered full time for federal, state or institutional aid eligibility; three-quarter time, 9-11 hours, and half-time, 6-8 hours.

A student living on campus will have room and board charges in addition to tuition charges; these are your direct costs. You are allowed to choose a food plan that will match your eating needs. Once you have chosen a plan, you will be allowed to change it only once within the first two weeks of each semester. The plan chosen will affect your charges and may affect your financial aid.

In addition to the charges shown on your award notification (direct costs), it is estimated that a student living on campus will also have approximately $2,635 in expenses for books, supplies, transportation, clothing, laundry, phone, entertainment, etc. These expenses were included when calculating your Financial Aid Award.

3 Awarding and Billing
All scholarships, grants and loans which you receive are deducted from your bill by the semester. If your enrollment plans or living arrangements change after you’ve been awarded, your aid could change. If you qualify for Federal College Work-Study or an Academic Assistantship, your earnings will be paid to you by check from the Business Office every two weeks — do not figure this as a credit toward your bill.

Before the beginning of each semester, you will receive a bill for your remaining charges. Payment is normally due in August for the first semester and in January for the second semester. If you will have difficulty in paying the balance owed by the beginning of the semester, please contact the Office of Financial Assistance for counseling. Buena Vista University offers a convenient interest-free payment plan for those who prefer to pay on an installment basis. Additional information about this plan is available from the Business Office.

If you have been awarded a Federal Perkins Loan, Mabel E. Sherman Loan, or McElroy Loan, you must sign a promissory note and other disclosure statements at the Business Office before credit will be granted. You will receive disclosures concerning your rights and responsibilities regarding these loans at that time.

If you plan to enroll in summer classes and wish to use any federal aid eligibility you may have, please notify the Office of Financial Assistance. There is no institutional gift aid available for summer courses.

If you plan to travel abroad during the school year, please contact the Director of International Travel. You may normally use any federal or state aid you are eligible to receive for an approved travel opportunity. In addition, aid awarded to you from BVU may also be available.

4 Types of Assistance

Students enrolled full-time are eligible to renew their individual Foundation Scholarship for up to four years, based on the renewal requirements presented at the time the award was made. For more information on the renewal requirements for a specific award, please contact the Office of Financial Assistance. There is no limit on the number of renewal awards available, but only students awarded a Foundation Scholarship as a new student are eligible to be considered for renewal of that award subsequent years. BUENA VISTA TRANSFER SCHOLARSHIPS are awarded based on the student's college grade point average. There is no limit on the number of awards available. BUENA VISTA GRANTS are issued to some full-time students. Financial need and the total of other BVU gift aid awarded will determine if an award is made. Students must continue to make satisfactory academic progress to renew the award. The number of available awards is limited.

In addition, gifts from friends of BVU, organizations and special endowments are awarded based upon financial need and/or other criteria. Students are automatically considered for these aid sources when they apply for financial assistance each year.

Enrollment or living arrangement changes could affect institutional aid eligibility.

Institutional gift aid is not available for summer school, for part-time enrollment or for students with a B.A./B.S. degree. Institutional gift aid may also not be available in some consortium agreements with other institutions.

LOANS

Loans provide students with an opportunity to defer part of the cost of the education by borrowing now and repaying later at a reduced rate of interest. However, before deciding whether to accept or pursue a loan, carefully read the following section. We urge students not to take a loan for an amount larger than necessary. We also encourage consideration of both part-time employment and cutting down on expenses as ways of keeping aggregate loan debt to a minimum. Students should keep track of the aggregate total of their loans.

FEDERAL PERKINS LOANS are available to some students who demonstrate financial need. Funding, provided by the federal government and BVU, is limited. Priority is given to students who show exceptional financial need and complete the FAFSA by June 1. The amount of Federal Perkins Loan on your financial aid award is the maximum that can be borrowed for the year at BVU. If you prefer to borrow less, indicate the amount you desire. No additional application needs to be completed for you to receive this loan — the paperwork is handled by the University’s Business Office. No interest is charged nor is repayment required, while you are enrolled at least half-time. Repayment, with a five percent interest rate, normally begins nine months after you cease to be enrolled in college at least half-time. Loan repayment terms require a minimum monthly payment and usually must be completed within a 10-year period. Students will be given additional information concerning their rights and responsibilities during entry counseling and upon signing the promissory note. The BU selection policy is available from the Office of Financial Assistance.

FEDERAL DIRECT LOANS are available to students enrolled at least half-time (six hours). The federal government offers loans with an interest subsidy, if you show financial need, and loans without an interest subsidy. If eligible for the interest subsidy for the 2013–14 year, the government will pay the interest on this loan until you graduate, withdraw from college or enroll less than half-time, at which time interest will be charged. Repayment of principal and interest will begin after a six month grace period. Federal Direct Subsidized Loans disbursed before July 1, 2012 will continue to have the interest subsidy during the six month grace period. If eligible for an unsubsidized loan, you will be responsible for the interest charge upon receipt of the loan, but may defer payment of that interest until you leave school.

Freshmen will be eligible for up to $5,500 a year, sophomores $6,500 a year, and all other students $7,500 a year. The totals represent the maximum that a dependent student can borrow in a combination of the subsidized and unsubsidized loans. The interest rate for new loans borrowed after July 1, 2012, will be 3.4% for subsidized loans and 6.8% for unsubsidized loans. (These rates are subject to change.) The fixed interest rate on Subsidized Direct Loans for undergraduate students varied in prior years. Unsubsidized loans remain at a fixed rate of 6.8%. Previous loans will have a variable yearly rate not to exceed 8.25 percent. Borrowers are normally allowed 10 years to repay the loan. There is an aggregate maximum of $23,000 for Subsidized Direct Loans and $31,000 total for a combination of subsidized and unsubsidized for dependent undergraduate students.

Independent (or dependent students whose parents are denied a PLUS loan) first or second year students may be eligible to apply for up to $4,000 in Unsubsidized Direct Loan funds per year, in addition to the yearly amounts indicated above. Those students beyond the sophomore level may be eligible for an additional $5,000 per year.

If a Direct Loan is included in your financial aid award and you have indicated that you would like to take advantage of this aid source, you will be asked to sign a Master Promissory Note during your first semester of borrowing. If the promissory note has been returned and approved, the funds will be available to you at the beginning of each semester. After signing the Master Promissory Note the first time, a new note will normally not be required for subsequent borrowing. Students are encouraged to keep track of aggregate federal student loan funds borrowed at www.nslhs.ed.gov.

The amount of your disbursement will equal the amount you request minus an origination fee. The loan will also normally be divided into two disbursements for students enrolled for a full year. All first-time borrowers are required to receive entrance counseling before loan funds will be disbursed.

FEDERAL DIRECT PARENT LOANS (PLUS) are available to parents who have a dependent child in college; parent must be a U.S. citizen or eligible non-citizen. These loans are guaranteed by the federal government. Individual eligibility is determined by subtracting other financial aid from the cost of education and credit analysis. There will be an origination fee subtracted from the disbursement(s). Financial need is not a prerequisite. Monthly repayment, with a 7.9 percent interest rate, begins within 60 days after the loan is fully disbursed. A parent borrower may request a forbearance while the student is enrolled at least half-time. The borrower may usually take 10 years to repay the loan. For additional information, contact our Office of Financial Assistance or go to www.bvu.edu/loans.

ALTERNATIVE LOANS are available to students, or parents of students, attending BVU on at least a half-time basis. Loan eligibility is determined by the borrower’s credit worthiness and out-of-pocket expenses. The interest rates vary by program. The borrower may take up to 20 years to repay. Principal payments may be deferred, in most cases, while the student is enrolled at least half-time. Financial need is not a prerequisite. For more
information on loan options and our preferred lender process, please contact our Office of Financial Assistance or go to www.bvu.edu/loans.

In addition, a MABEL E. SHERMAN LOAN or a McELROY LOAN may supplement or partially replace the loan options mentioned earlier. If such a loan is offered to you, please check with the Business Office regarding the interest rate and repayment terms. The number of loans available is limited.

**WORK OPPORTUNITIES**

Work opportunities allow eligible students to earn the amount shown on their Financial Aid Award at a part-time job provided on or off campus. Paychecks are issued every two weeks and are not deducted from a student’s bill.

**FEDERAL COLLEGE WORK-STUDY** is the need-based program, funded by both the federal government and the University, which provides most of the available part-time jobs. Priority is given to students who complete the FAFSA by June 1. Funding is limited. The amount indicated on your offer is the maximum that may be earned. The award could change if your enrollment status or living arrangements change. Every effort will be made to match your abilities, experience and class schedule with an appropriate position that will provide career-related experience.

Some students choose to work less than their allotted amount, but most find that their work hours do not affect the time needed for studying. Work-study positions are also available at various sites off-campus. The BVU selection policy is available from the Office of Financial Assistance.

**ACADEMIC ASSISTANTSHIPS** are awarded to full-time students without regard to financial need and are designed to provide academic experience outside of the classroom. If you have been selected for one of these positions, you will receive valuable experience working closely with faculty on teaching or research projects. A 3.2 CGPA is required for consideration.

Students eligible for either kind of employment will be provided with a contract that specifies the terms and conditions of employment, prior to employment.

**Reporting Other Financial Aid**

Any financial aid which you may receive from sources not listed on your aid award, such as a scholarship or loan from a local or private organization, military benefits, or Vocational Rehabilitation benefits, must be reported to the BVU Office of Financial Assistance. Financial assistance which has been awarded through the University is subject to change if verification procedures result in a different calculation of need or if other conditions exist which change your aid eligibility. No aid will be disbursed until the required documentation is received.

For all federal funds, we must have the results of your FAFSA (Free Application for Federal Student Aid) with an official expected family contribution (EFC) that shows the application data was processed at least once while enrolled. In general, federal aid recipients must also submit required/requested documentation no later than 120 days after the last day of enrollment or the last day allowed by law (normally a date in September), whichever is earlier. However, earlier deadlines may apply to specific aid programs, as detailed below.

If the deadline is met and changes in the information reported are needed, we will send those changes to the Department of Education and the student will receive a revised Student Aid Report (SAR) which will reflect the changes made. If eligibility for aid should change, a revised award will be sent. For a student whose application is being verified, if we receive a corrected valid SAR/ISIR after the last day of enrollment, BVU must award and pay Pell Grant on the higher EFC calculated.

A student will not be allowed to begin employment in the federal work study program until requested documents are received nor will credit be given for any aid. For Federal Direct Loan or Federal Direct PLUS consideration, verification requirements must be met before we can certify a loan application and the loan must be certified on or before the last day of attendance.

If a student’s application is selected after federal aid has been disbursed, the student is entitled to keep any work study payments made (but the student will be asked to cease working until requested materials are received) and any Federal Direct Loan funds disbursed. All other federal or state aid will be removed from the student’s account until the verification process is completed.

For funds from the State of Iowa, verification requirements must be met before final payment rosters are due.

A student will forfeit eligibility for federal and state aid if the verification process isn’t completed by these deadlines.

**Satisfactory Academic Progress**

Federal regulations mandate that colleges and universities determine whether a student is maintaining satisfactory academic progress each term before he or she can receive federally-funded (Title IV) financial aid. Each institution has developed its own guidelines and, upon your request, a copy of BVU’s guidelines can be given to you (the policy can also be found on our web site). These conditions also apply to state aid and aid provided through Buena Vista University.

**Withdrawing from BVU**

This information will assist students who feel the need to completely withdraw from the University after a semester has begun but before its conclusion.

Since our accrediting agency, the NCA, does not require daily attendance, most members of our faculty do not take daily attendance. Therefore, for a student who officially withdraws, the withdrawal date will be the earlier of the following (unless a later date can be documented): The date the student begins the official process mentioned below, or the date the student officially notifies the institution of intent to withdraw.

If a student triggers both definitions of official withdrawal above on different dates, we will use the earlier date, unless we can document academically related activity later. Academically-related activity is defined as one that has been confirmed by an employee of BVU, such as taking an exam, turning in
If a student leaves or stops attending classes without official notification, they will be considered to have unofficially withdrawn. One example of a student who unofficially withdraws could be one who receives only failing grades for a semester. The withdrawal date for a federal or state aid recipient who unofficially withdraws will be the midpoint of the payment period or the last documented day of academically related activity, whichever is later (no refund provided past 60 percent of the semester; interim will be added to spring semester when appropriate). No refund will be made for charges. If a student left without notification because of circumstances beyond the student's control, such as those mentioned below, BVU might determine a withdrawal date related to those circumstances. In addition, a withdrawal date determination can be appealed for extenuating circumstances such as:

- Illness
- Accident
- Grievous personal loss
- Or other circumstances beyond the student’s control

The appeal request should be made through, and will be approved by, the Office of Student Affairs. The student or an interested party can initiate this process.

A student can rescind a withdrawal by providing a written request to the Office of Student Affairs. If a student wishes to request a leave of absence he/she should contact the Office of Student Affairs to begin that process. Students who cease to be academically engaged may also be administratively withdrawn. The full Administrative Withdrawal Policy can be found in the Undergraduate Academic Catalog and on our web site.

### 9 Reapplying for Financial Aid

You must reapply for financial aid each academic year. Unless specifically awarded for more than one year, the financial aid which you receive is not automatically renewable. Because financial need depends on variable factors, such as college costs, family income, assets, etc., your aid award may fluctuate from year to year. However, the University does its part to help you in obtaining as much aid as possible each year.

### 10 Rights and Responsibilities

In addition to the information provided here and in our Undergraduate Academic Catalog and our web site, you may also ask for and receive information on any of the following by contacting the Office of Financial Assistance:

2. Each type and amount of assistance in your Financial Aid Award and how you were selected as a recipient
3. How to receive a review or reconsideration of your aid award if you feel an error has been made or if your financial situation changes

In addition, there are a variety of policies and reports available on our website at: www.bvu.edu/about/consumer_information. - Academic Honesty/Copyright Infringement Policy
- Athletic Program Participation Rates and Financial Support Data
- Completion/Graduation Rates
- Drug Awareness and Abuse Prevention Strategies
