

STATEMENT OF EXPECTED 2010 INCOME

The 2010-2011 needs analysis formula assumes that all students will have the opportunity to earn, and will earn, the same amount during 2010 as they earned in the 2009 base year. Because not all students will have the same employment opportunities available during 2010 as they had in 2009, it may be unfair to make this assumption for all students. It has been determined that your expected income may differ significantly from your actual 2009 income, and special consideration may be needed. Therefore, please complete the information below and return this form to the Buena Vista University Office of Financial Assistance.

The information reported above is accurate to the best of my knowledge. I understand that if I have given false or misleading information, I may forfeit any/all aid I have been awarded. I also understand that this information will be considered when determining my eligibility for financial aid for the 2010-2011 school year.

FURTHER, I UNDERSTAND THAT I MUST UPDATE THE ESTIMATED AMOUNTS THAT I HAVE REPORTED, IF I HAVE KNOWLEDGE THAT ACTUAL EARNINGS WILL EXCEED MY ESTIMATES. ANY SUBSEQUENT CHANGES IN ESTIMATED INCOME MAY CHANGE MY ELIGIBILITY FOR AID AND ANY CHANGES WILL BE RETROACTIVE.
