

Title IV Funds for Books & Supplies

A book voucher is available for **Federal Pell Grant**-eligible students at BVU who meet the requirements to receive Title IV funds at least 10 days prior to the start of a payment period (the first day of classes). The following requirements must be met before issuing a book voucher:

- The student must receive a Federal Pell Grant with in their Title IV funding
- Federal Pell Grant and Title IV funds (*including all Title IV funds that could be dispersed, even if those funds have not been received by the school yet*) must total more than the student's current charges.
- If a student is ineligible to receive their Title IV funds at least 10 days before the beginning of the payment period due to verification requirements, this eligibility does not apply

BVU will make a Book Voucher available to eligible students by the 7th day of the payment period.

If a student requires assistance with purchasing books and supplies, the student should contact the Business Office or their site location to determine if he or she meets the qualifications listed above. If it is determined that the student is eligible to receive a book voucher, the student will be allowed to obtain and use the voucher at the Campus Bookstore, up to the cost of books, without exceeding the student's credit balance on the account.

The student is under no obligation to take advantage of this provision and can opt out.
